

TABACUM RISERVA

GRAPPA DI TABACCO RISERVA

Distillate extracted by marcs coming from the best Barbera's grapes used for Top Tenuta Montemagno's wines, with a refining process that uses Italian Tobacco Kentucky leaves' infusion.

TABACUM Riserva is characterized by a vivid colour with amber shade, a great complexity to the nose, where it comes a clearly vanilla note and floral hints that reminds of dried flowers and mountain's herbs. Rhubarb, leather and cinnamon fragrances are wellbalanced. The tobacco's note is a little bit more complex, but it is extraordinary in its sweetness.

Refined in Allier durmast, chestnut and cherry wood barrique for 48 months at least.

Appellation

Grappa made with Barbera's grape marcs.

Production Area

Montemagno and Altavilla (Asti) - Monferrato
Variety: 100% Barbera

Alcohol content

43°, Dry grappa
